### TROBRIANDERS OF PAPUA NEW GUINEA: Seminar Presentations

You will be responsible, in groups of 3 or 4, for presenting one chapter of this ethnography. Each seminar will last 30 minutes.

Your presentation will provide a **summary** of the chapter and an analysis of the **anthropological themes** (found in the IBO course guide) as presented in your chapter. You will present these themes using **anthropological terms and language**. Please refer to your rubric for a detailed description of your evaluation.

During your presentation you may use audio-visual equipment (DVD player, digital projector) which must be booked with me at least **TWO** days prior to your presentation. Marks will be deducted for lack of organization in this respect.

You will present on the day scheduled. If one group member is missing, you will have to present the content that would have been presented by this individual. There is no excuse for each member not having a copy of the final script/PowerPoint. If one individual is not pulling their weight, this should be made known to the teacher at least 2 days in advance of the presentation.
